

Application No. 10/614,114
March 5, 2009 Amendment
Customer Number 34,986

REMARKS/ARGUMENTS

Applicant has amended claim 91 to cancel without prejudice or disclaimer the term "surface" at the end of paragraph (1) for the reasons stated at the beginning of this amendment and hereby rescinds any implied disclaimer in the parent and subsequent applications and any amendments filed therein or in this application or any subsequently filed applications based on the parent application or amendments of such applications that may be inferred from any of applicant's amendments in the course of the prosecution of these applications and cancellation of any claim in any of these applications, and requests the examiner to consider anew amended claim 91 now presented in this amendment.

Applicant emphasizes that by canceling any of the claims in this application without prejudice or disclaimer, he does not disclaim, abandon, or forfeit any invention directly or indirectly represented by these claims, and specifically preserves all and any inventions embodied not only by these cancelled claims but also the written description and Abstract of the Disclosure of this application and the parent application and subsequent applications, for prosecution in any patent application filed for these inventions prior to or subsequent to the submission and/or entry of this amendment and any other amendments submitted in the prosecution of these applications.

Conclusions

Applicant respectfully requests the examiner to withdraw the rejection of claim 91 in view of the foregoing amendments and remarks, enter this amendment and issue a Notice of Allowance, all other issues in the prosecution of this application having been resolved by the Board in their February 27, 2009 decision.

Respectfully submitted,
